

Landing mats 'Basic'

2241032
2241022
2241012
2241002

The landing mats 'Basic' with a reinforced and washable Bisonyl cover and high-tech foam core, ensure optimal damping characteristics over the entire surface of the mats. The combination with patented Handy Grips makes them very easy to handle. The mats can be linked in all directions thanks to Velcro loop on top of the mat at all 4 sides.

The microtunnels in the foam in combination with the Handy Grips make it possible to have an optimum air outlet regulation. The mat is fully side-stabilized which fully meets the FIG landing mat regulations.

Technical data:

FIG certified.

- The sandwich microtunnel foam construction, together with a 4 cm stabilization layer on top and at the edges, ensures optimal landing conditions
- Surface of washable Bisonyl with leather embossing (leather look finishing)
- Flame retardant Bisonyl (M2)
- The handy-grips provide necessary air circulation thus ensuring optimal damping during landings.
- Sewed-on Velcro strips at all sides: mats can be linked in all directions.

AVAILABLE IN:

2241032 - 200x100x20 cm
2241022 - 200x200x20 cm
2241012 - 250x200x20 cm
2241002 - 300x200x20 cm
